Education

MBM University

Aug. 2019 – June 2023

Bachelor of Engineering in Information Technology(GPA - 9.3)

Jodhpur, Rajasthan

Experience

TransposeOn pvt. limited

June 2022 – July 2022

Software Development Engineer Intern

Remote

- Work in a team-oriented environment for all aspects of product development (design, implementation, test, and maintenance support).
- Explored React to implement and develop responsive components of the user interface. Developed and maintained front-end architectures that support user interfaces
- Build customer-facing UI and back-end services for application administration and management.

CreateBytes

Dec. 2021 – March 2022

Software Development Engineer Intern

Remote

- Assisted in development of the front end using React.js and the backend using Node.js.
- Worked with MongoDB to manage user inputted data across multiple platforms.
- Collaborated with team members using version control systems such as Git to organize modifications and assign tasks.

Portels private limited

May 2021 – June 2021

Data Analytics Intern

Jodhpur

- Maintained databases, performed data collection and analysis, and conducted detailed reports.
- Worked with selenium and beautiful soup to scrap data from the website.
- Worked with data and preprocess it, monitoring data quality and consistency. Used plotly, matplotlib, seaborn, etc to create interactive web-based visualizations

Projects

Trivago Data Scraping and Analysis GUI | Python, Data Analysis and Visualization, tkinter, Selenium

- Developed a tkinter based **gui project**, data of trivago website is first **extracted** for a particular city of 1 year with filters and then **analyse** the data.

Deep Learning Web Chatbot | Python, React, Deep learning, Node, NLP

- Created an **Web application** using python, React.js and Deep learning to create a **chatbot** which responds according to training data.

Discord chat bot for Trivia Game and github report | Python, Async Programming, Flask API, Discord API

- Designed a discord bot for **playing Trivia game** over Discord Server and another one to monitor **Github Activities** to notify on Discord Server .

Technical Skills

Technologies: Web development, Data Science, ML, DL, NLP, Web Scraping, Data Analysis

Languages: C++, Python, C, HTML/CSS, JavaScript, SQL

Frameworks and Libraries: Sklearn, Node.js, Pandas, Numpy, Matplotlib, Plotly, Seaborn, Keras, Tensorflow, BS4, Selenium, React.js

Software and Tools: Tableau, Anaconda, Jupyter Notebook, Dev C++, VS Code, Pycharm

Databases: MySQL, MongoDB

Achievements/Extracurricular

- Cleared **GATE CSE 2022**.
- Working as a **Technical core team member** in **GDSC MBM**.
- Member of **NSS MBM**.
- **District merit** in class 10th(**95%**) and 12th(**91%**).
- Solved **200+** questions on **leetcode** and **250+** coding score on **GFG**.
- Scored **95.92** percentile in **JEE MAINS**.
